MTM DEBATE CLUB ANNUAL REPORT

“Debate is an essential opportunity that should be provided to all students. Students develop skills in research, critical thinking, organization, persuasion and communication.” Debating is a way for students to expand their views and perspectives. Students learn to back their claims with evidence and fact rather than strictly their feelings. With this in mind, our school does not currently have a debate team. The benefits of a debate team are countless and without the opportunity to join a debate team, students are deprived from the experience and knowledge gained from participating in a debate team.

All over the world, millions of people fight to prove their opinion to be the most educated one. With every opinion there are millions of people disagreeing with the opposing opinion. Debate clubs provide students a chance to understand real world situations and make educated opinions. Debate teams show how there is a way to have an open mind and how to civilly disagree. Students who join debate teams have a higher chance of being successful in the future.

I think we should have a debate team because it's a healthy way for students to express an argumentative attitude and their opinions in an acceptable environment. Debating provides students with enrichment to help them grow in their knowledge about the world. Students improve their communication skills and their chance of being successful in the future.

MTM college's debate club tagged along with MTM's Cultural Village organized a 'Samvada Sandhya' or (debate night) on December. The debate club of the college is set up to enhance the speaking skill of the students to encourage them to become orators. The club renders an avenue for self-expression and independent thinking and thereby helps the students to imbibe self-confidence. The participants made use of their debating skills and made them more confident.

MTM College's debate Club organized a Discussion on June. The debate topic was regarding the Post Covid Education. Representing the four departments of our college students came up to speak. It was More interesting when discussion was form the perspectives of the students. The live session ended with the vote of thanks by Mr.Suhaib,Assistant Professor,Department of English.

MTM College's debate club in association with IQAC organized a Debate competition on Farmers bill and Farmers' protest. Along with it Inauguration of Debate Club was officially done by our Principal Mr.Abdul Hameed. The debate topic was regarding the farmers protest due to recent bill passed by the India's Central government. The debate was worth _enjoying for the audience. Every debater was cheered and clapped up for their pleasing presentation and sharp arguments. Astonishing support from respected guests, staff, students and the public, the program became a big success.
