AFFILIATED TO UNIVERSITY OF CALICUT

Date: 1/09/2022

PROGRAMME REPORT

Academic year: 2022-2023

Name of the Programme: Waste Material Craft Competition

Date and Time	30/08/2022 2 PM
Organized by	Energy Conservation Cell
Target Participants	MTM College Students
Venue	N8 Classroom

Objectives

- To encourage the creativity of students by making products using waste materials produced in their homes, college and locality.
- To create an awareness among students about preserving the environment by reusing and recycling waste materials.

Details of the Programme

A Waste Material Craft Competition was organised by Energy Conservation Cell on 30 August 2022 Tuesday 2 PM to make the students aware about the uses of waste material, and to give them a lesson on reducing waste to save our future. The competition was open to all the students of MTM College. More than 30 students participated in the programme. All the participants enthusiastically participated in the event and they made beautiful and creative crafts from different waste materials like paper, plastic, card board and old clothes etc. within the given time frame. Mohammed Roshan from S5 B.Com. CA was the student coordinator of the programme. The programme was successful and the objectives of the programme were achieved as it helped

the students to understand the significance of the more relevant 3 R's – reduce, reuse and recycle.

The winners of the programme were:

1st Position: Aysha Fidha PM (S3 B.A. Sociology)

2nd Position: Souparnika T (S3 B.Com. Finance)

3rd Position: Samina PS (S5 B.Sc. CS)
